

COVID-19 Prevention

Notice

- Public Warning Message of Possibilities of Visiting Same Locations with COVID-19 Confirmed Cases

Have you received the following public warning message in Mandarin Chinese as below?

[疫情警示]您曾和武漢肺炎確診個案同時位於同一地點，請注意自身健康狀況，保持社交距離，出外戴口罩並勤洗手。身體不適請立即就醫。有問題請打1922 疫情指揮中心。

Public Warning Message Sample

If yes, it means that you were probably in the same location(s) with any of the COVID-19 confirmed cases dated April 15 to 18 and you may refer to the details of locations list attached.

If you have visited any of them, please practice **self-health management NOW** for 14 days and avoid going out. Also, it is highly recommended to practice **social distancing** and required to **wear face masks** in class. If you have any symptoms, please do not enter the campus and remember to inform your instructors directly.

When you seek medical advice, please inform the physician of exposure history for timely diagnosis.

For more information, you may call NCCU University Security Center (0919-099-119/ 02-29393091 #66119) or the toll-free Communicable Disease Reporting and Consultation Hotline, 1922.
